## Spraying of Bleaching Powder and Calcium Carbonate at the Adopted Village

**Organized by:** NSS Unit, Maynaguri College

**Date:** 8th November 2018

**Venue:** Adopted Village, Maynaguri College.

**Number of Participants:** 610

### Participants List

#### **Introduction:**

The NSS unit of Maynaguri College undertook a cleanliness and sanitation drive in the adopted village, focusing on the spraying of bleaching powder and calcium carbonate. The initiative aimed to improve hygiene and prevent the spread of diseases in the village.

#### **Activities:**

- 1) **Spraying Campaign:** Volunteers, equipped with spraying equipment, conducted a door-to-door campaign to spray the solution in and around houses, public places, and areas prone to breeding mosquitoes and other disease-causing vectors.

- 2) **Awareness Drive:** Alongside the spraying campaign, volunteers conducted an awareness drive to educate villagers about the importance of cleanliness and hygiene in preventing diseases. They also provided information on the correct usage of bleaching powder and calcium carbonate for sanitation purposes.

3) **Community Participation:** The initiative encouraged active participation from the community, with villagers joining the volunteers in the spraying campaign and taking ownership of maintaining cleanliness in their surroundings.

4) **Follow-up and Monitoring:** NSS volunteers conducted follow-up visits to assess the effectiveness of the spraying and to provide additional support or guidance as needed. Monitoring was also done to ensure that the cleanliness drive had a lasting impact.

## Outcomes:

- Improved sanitation and hygiene practices in the adopted village.
- Reduced instances of vector-borne diseases due to the preventive measures taken.
- Increased awareness among villagers about the importance of cleanliness and sanitation.
- Strengthened community participation and ownership of health-related initiatives.

## Conclusion:

The spraying of bleaching powder and calcium carbonate at the adopted village by the NSS unit of Maynaguri College was a significant step towards improving the health and well-being of the villagers. It demonstrated the impact of community-driven initiatives in creating a cleaner and healthier environment.
