

**Weather Forecasting Station**  
**Department of Geography**  
**Maynaguri College**

A Weather forecasting station has been setup in the Department of Geography. The centre regularly forecasts about the weather phenomena. The main forecasts include –

1. Maximum – minimum Temperature
2. Rain forecast
3. Storm forecast
4. Western Disturbances
5. Nor' Westers

For this weather forecasting there are several instruments and various meteorological websites such as –

1. Sixes Maximum and Minimum Thermometer
2. Barometer
3. Hygrometer
4. Rain Gauge
5. [Indian Meteorological Department](#)
6. [Skymet Weather](#)
